## **HOW IT WORKS:**

We use a very simple and effective online application for secure drag and drop electronic data transfers. All transmission of file data occurs over an encrypted channel and hardened servers (SSL). You scan and transfer your data. We retrieve it, perform the work and return it to you via the same method.

## **SAVINGS**

We can offer significant savings on labor and overhead. A recent study by PricewaterhouseCoopers found that the amount saved by law firms could be as much as 44%.

## **HOW TO GET STARTED**
